Erratum

There were errors in the following article:

Correction:

Page 106: Last complete sentence on page: “To simulate the viscosity of whole blood for testing, glycerol (2.0 L) was added to the test circuit to approximate a clear blood analog using a 30–70% glycerol-saline mixture similar to that previously described (17).”

The reference should be: “To simulate the viscosity of whole blood for testing, glycerol (2.0 L) was added to the test circuit to approximate a clear blood analog using a 30–70% glycerol-saline mixture similar to that previously described (19).”

The following references were omitted in the published manuscript.
